## 1. BACKGROUND

The European Border and Coast Guard Agency (Frontex) has been established under the European Border and Coast Guard Regulation<sup>5</sup>. The agency was created on the foundations of the European Agency for the Management of Operational Cooperation at the External Borders of the Member States of the European Union (established under Council Regulation (EC) No 2007/2004), which has been coordinating operational activities at the EU external border since 2005.

Frontex is located in Warsaw, Poland, and is in the process of significantly increasing the size of its staff to 2,500 to meet its expanding tasks.

The European Border and Coast Guard Regulation provides for the establishment of a European Border and Coast Guard Standing Corps, which will consist of up to 10,000 operational staff by 2027, and will be deployed along the external land, sea and air borders of the European Union and the Schengen Area.

With the establishment of the Standing Corps - the first European law enforcement uniformed corps - Frontex offers a unique, pioneering opportunity to form part of the EU's operational arm for European integrated border management. The establishment and operations of the Standing Corps gives rise to various novel legal challenges and risks. The selected candidate will have a chance to significantly contribute to the application of the EU law in this area by developing creative legal solutions in cooperation with internal and external partners.

The Agency's key tasks include:

- Operational and technical assistance to the EU member states at their external borders by coordinating joint border control operations including deployment of vessels, aircraft and other equipment and border and coast guards from EU countries;
- Coordination of border surveillance and law enforcement activities being part of maritime security in cooperation with national authorities and EU agencies such as Europol, EMSA and EFCA;
- Situation monitoring of EU's external borders and risk analysis of all aspects of border and coast guard management, including assessment of the EU Member States' border control authorities' ability to face migratory pressure and different challenges at their external borders;
- Assisting Member States in returning nationals of non-EU countries who do not have the right to remain on the territory of the EU;
- Development of training programmes for European border and coast guards;
- Monitoring new technological developments in the field of border control and acting as an interface between research institutions, industry and national border and coast guard authorities;
- Cooperation with EU and international organisations in the area of border and coast guard management, security, and prevention of cross-border crime (including terrorism);
- Assist non-EU countries in the context of technical and operational cooperation on border management including return of non-EU nationals, in the framework of the EU external relations policy.

In all its activities, Frontex enforces actions which are respecting fundamental rights as an overarching component of the European Integrated Border Management.

**In all its activities, Frontex enforces actions which are respecting fundamental rights as an overarching component of the European Integrated Border Management. Frontex and its staff are committed to the values of Professionalism, Respect, Cooperation, Accountability and Care.**
