1. BACKGROUND

The European Border and Coast Guard Agency (Frontex) has been established under the European Border and Coast Guard Regulation⁵. The agency was created on the foundations of the European Agency for the Management of Operational Cooperation at the External Borders of the Member States of the European Union (established under Council Regulation (EC) No 2007/2004), which has been coordinating operational activities at the EU external border since 2005.

Frontex is located in Warsaw, Poland, and is in the process of significantly increasing the size of its staff to 2,500 to meet its expanding tasks.

The new European Border and Coast Guard Regulation provides for the establishment of a European Border and Coast Guard Standing Corps, which will consist of up to 10,000 operational staff by 2027, and will be deployed along the external land, sea and air borders of the European Union and the Schengen Area.

With the establishment of the Standing Corps - the first European law enforcement uniformed corps - Frontex offers a unique, pioneering opportunity to form part of the EU's operational arm for European integrated border management. The establishment and operations of the Standing Corps gives rise to various novel legal challenges and risks. The selected candidate will have a chance to significantly contribute to the application of the EU law in this area by developing creative legal solutions in cooperation with internal and external partners.

The Agency's key tasks include:

- Operational and technical assistance to the EU member states at their external borders by coordinating joint border control operations including deployment of vessels, aircraft and other equipment and border and coast guards from EU countries;
- Coordination of border surveillance and law enforcement activities being part of maritime security in cooperation with national authorities and EU agencies such as Europol, EMSA and EFCA;
- Situation monitoring of EU's external borders and risk analysis of all aspects of border and coast guard management, including assessment of the EU Member States' border control authorities' ability to face migratory pressure and different challenges at their external borders;
- Assisting Member States in returning nationals of non-EU countries who do not have the right to remain on the territory of the EU;
- Development of training programmes for European border and coast guards;
- Monitoring new technological developments in the field of border control and acting as an interface between research institutions, industry and national border and coast guard authorities;
- Cooperation with EU and international organisations in the area of border and coast guard management, security, and prevention of cross-border crime (including terrorism);
- Assist non-EU countries in the context of technical and operational cooperation on border management including return of non-EU nationals, in the framework of the EU external relations policy.

In all its activities, Frontex enforces actions which are respecting fundamental rights as an overarching component of the European Integrated Border Management. Frontex and its staff are committed to the values of Professionalism, Respect, Cooperation, Accountability and Care.

6. In case you have technical issues with filling/saving/uploading your electronic application form, you may write to us (in advance of the closing date for submission of applications) at jobs@frontex.europa.eu.

In case you submit more than one application for this procedure, Frontex will only assess the latest one and will automatically disregard all your previous applications.

If at any stage of the selection procedure it is established that any of the requested information provided by an applicant is false or misleading, the applicant in question will be disqualified.

Do not attach any supporting or supplementary documentation with your application until you have been asked to do so by Frontex.

Incomplete applications, applications uploaded after the deadline, sent by e-mail without prior consent of Frontex HR or applications using inappropriate, or altered/manipulated application forms will be automatically disregarded by the system and will **not** be processed further.

Due to the large volume of applications, Frontex regrets that only applicants invited for the test and interview will be notified about the outcomes. The status of the selection procedure is to be found on Frontex website.

Due to high volume of selection procedures handled by Frontex, the period between the closing date for the submission of applications and the final shortlisting of applicants for an interview may take more than two months.

The closing date (and time) for the submission of applications is provided on the title page of the Vacancy Notice.

Please keep a copy of the automatically generated submission code that proves that you have submitted/uploaded your application to Frontex.

Applicants are strongly recommended not to wait until the last day to submit their applications.

Frontex cannot be held responsible for any last-minute malfunction due to an overload of the system or for other technical issues applicants may eventually encounter in the very last moment before the deadline.
