1. Introduction

The European Commission (hereafter ‘the Commission’) is committed to protect your personal data and to respect your privacy.

The Commission collects and further processes personal data pursuant to Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data (repealing Regulation (EC) No 45/2001).

This privacy statement explains the reason for the processing of your personal data, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor.

The information in relation to the processing operation “Implementation of EU Election Observation Missions” undertaken by the Service for Foreign Policy Instruments (FPI), Unit FPI.6, is presented below.

Please note that a separate privacy statement covers the processing undertaken in relation to the “System for selection and management of the Election Observers and Experts – Election Observation Roster” (DPR-EC-00906).

2. Why and how do we process your personal data?

Purpose of the processing operation: FPI.6 Unit collects and uses your personal data:

a) for the implementation of logistics, security, financial, organisational, operational and administrative aspects of the EU Election Observation Missions (EOMs);

Personal data of EU EOM members is processed by the Implementing Partner contracted by the Commission for a specific EU EOM. Personal data is used to:

- purchase flights (thus, they may be transferred to the airline companies);
- acquire visas (thus, they may be transferred to the relevant Embassies);
- acquire accreditations to observe (thus, they may be transferred to host country authorities);
- set up your insurance coverage (thus, they may be transferred to insurance companies);
- prepare the deployment plans; or
- any other purpose directly linked to the implementation of the EU EOM (e.g. security purposes) strictly on a 'need-to-know' basis.

EU EOM members health/fit to work certificate is reviewed only by a limited number of persons within the Implementing Partner and may be further consulted only in case of emergencies. Access to this personal data is strictly limited on a need-to-know basis and safeguarded through several reinforced information security measures, all based on the principles of confidentiality and duty of care.

EU EOM members CV is reviewed in the Election Observation Roster by the Observer Coordinator and/or his/her Deputies for the preparation of the deployment plans.

Personal data is either retrieved from the Election Observation Roster for selection and management of the Election Observers and Experts, or directly requested from the EU EOM members to ensure smooth implementation of the EU EOM.

b) to ensure the visibility of the EU EOMs.

EU EOMs operate under high visibility in the host country and within the EU. During the EOM, photos, videos or any other visibility materials may be produced displaying images of members of the EOM. These materials can be further used to enhance the visibility of the EU EOMs (e.g. published EU websites (accessible to the public free of charge online), tweeted on the EU related social media, used on the brochures etc.).

In addition, it processes images and audiovisual (Photos and videos) taken during the electoral mission. EU EOM members may provide any other personal data (e.g. photos and short resume about themselves to be published in the Observers' mission specific manual), based on their consent.

Other data subjects may occasionally appear on panoramic photographs or audiovisual content which render individual persons unidentifiable. In addition, EU EOMs may need to create audiovisual content which includes identifiable data subjects other than public figures. In such cases, the data subjects are informed about the processing and their consent is obtained.

Personal data will not be used for an automated decision-making including profiling.

3. On what legal ground(s) do we process your personal data

We process your personal data, because:

1) processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the Union institution [Article 5(1)(a) of Regulation (EU) 2018/1725].

Under the Neighbourhood, Development and International Cooperation Instrument – Global Europe (REGULATION (EU) No 2021/947), election observation contributes to increasing transparency and trust in the electoral process as part of the wider promotion of, and support to, democratic processes. The observation of elections continues to be an important component of the EU's policy of promoting human rights and democratization throughout the world.

FPI is in charge of managing European Election Observation Missions, based on the Communication from the Commission on EU Election Assistance and Observation, COM(2000)191 and Commission Decisions on "Arrangements for the Implementation of EU Election Observation Missions", C(2004)206 and C(2024)5172.

We also process special categories of data, indicated in section 4 because it is necessary for reasons of substantial public interest on the basis of Union law, which shall be proportionate to the aim pursued, respect the essence of the right to data protection and provide for suitable and specific measures to safeguard your fundamental rights and interests [Article 10(2)(g) of Regulation (EU) 2018/1725]. Specifically, we process your medical data included in the health certificate you provided before your deployment. The Commission has the duty of care over EOM members in line with Commission Implementing Decision C(2024)5172 of 26.7.2024. Processing of limited health data is necessary to ensure that you are able to work under challenging conditions in insecure environments. Additionally, processing of health data might be necessary to protect your vital interests in accordance with Article 10(2) (c) of Regulation (EU) 2018/1725, only to ensure that you will receive adequate medical care, if you are not physically capable of providing your consent.

2) you have given consent to the processing of your personal data for one or more specific purposes (Article 5(1)(d) of Regulation (EU) 2018/1725)

Consent is obtained via model release forms for audio and video recording, web streaming during meetings, events and conferences. All natural identifiable persons appearing in a photo, video or audio recording, as far as practically feasible and necessary under the conditions of the recording location, are asked for the signing of a model release form, granting the EU the right to use the recording in compliance with the current image rights and data protection legislation.

4. Which personal data do we collect and further process?

Organizational measures include restricting access to the personal data solely to authorized persons with a legitimate need to know for the purposes of this processing operation.

Additionally, measures are taken to ensure security of your location and health data, such as encryption of data at rest, signature of confidentiality clauses, transmission solely via encrypted e-mails and shortened retention periods.

Your health certificate is stored securely in the premises of the Implementing Partner. The health certificates are not consulted after their storage and are not transferred to the countries where EOMs take place, unless your vital interests are at risk.

The audiovisual content and related data distributed via the abovementioned
