To build the  
future...

# GeoExplora

EARTH RESEARCH

GEOLOGICAL EXPLORATION AND  
DEVELOPMENT CONGRESS

**5-7**  
OCT | 2026

PLAZA YANAHUARA  
VIDA WASI  
CONVENTION CENTRE  
URUBAMBA, CUSCO, PERÚ

ORGANISED BY:

COLEGIO DE INGENIEROS DEL PERÚ

LIMA DEPARTAMENTAL COUNCIL  
GEOLOGICAL ENGINEERING CHAPTER

## STEERING COMMITTEE

**CHAIRMAN** Eng CIP Sandra Melisa Ramírez Arias

**VICE CHAIRMAN** Eng CIP Alfonso José Bermúdez Sokolich

**SECRETARY** Eng CIP Ivette Zarela Girón Cabello

**DEPUTY SECRETARY** Eng CIP July Mary Aráoz López

**MEMBER** Eng CIP Elena Elizabeth Malásquez López

**MEMBER** Eng CIP Juan José López Paez

**MEMBER** Eng CIP Jhonny Santos Torre Antay

**MEMBER** Eng CIP José Andrés Yparraguirre Calderón

**MEMBER** Eng CIP Francisco Veillet Salazar

# GEOEXPLORA SCIENCE, INVESTMENT & FUTURE

GeoExplora shall be more than just a geological exploration congress, it aims to articulate science, investment and sustainability with a view to promote

Thought of as a top-level gathering, GeoExplora aims to get together leading figures from the mining/energy, geosciences, and investment fields, who, together with decision-makers, will analyse trends and share applied knowledge, generating alliances that would enable responsible and competitive projects to go ahead.

GeoExplora endeavours to be more than just another event, but to become the platform for knowledge-sharing and networking, keynote addresses, international forums, technical roundtables, field exploration, know-how, technological innovation, social management and investment, under one roof...

### ORGANISED BY:

COLEGIO DE INGENIEROS DEL PERÚ

**LIMA DEPARTAMENTAL COUNCIL  
GEOLOGICAL ENGINEERING CHAPTER**

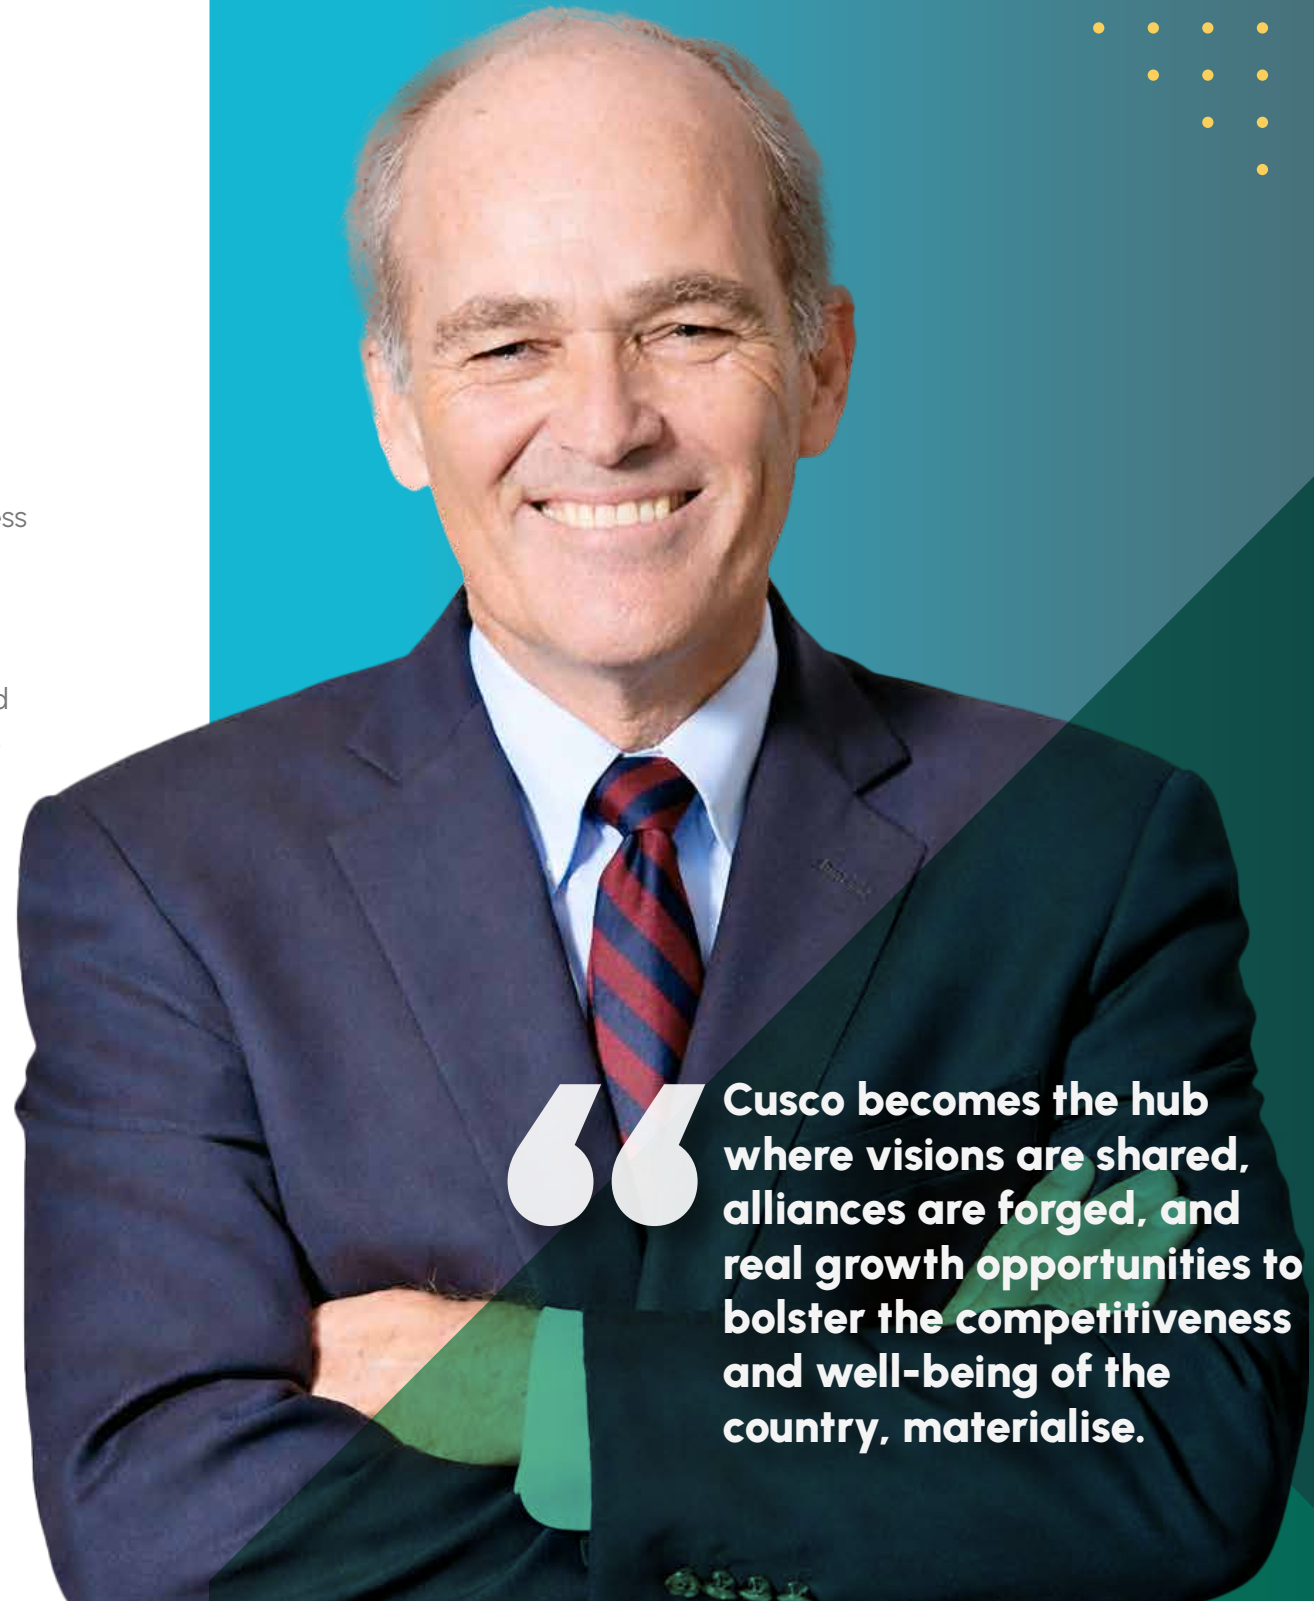

# EXPLORING TODAY: TO BUILD THE FUTURE... **WELCOME!**

On behalf of the Organising Committee, we kindly invite you to participate in the Geological Exploration and Development Congress – GeoExplora 2026, a platform designed to analyse the territory from a strategic point of view, looking into the future from the perspective of science, innovation and responsible investment. Nowadays the country expects knowledge- and technology-based decisions. GeoExplora aims to connect academia, industry and the state to promote modern and sustainable exploration efforts, aligned to global challenges. We thank the speakers, strategic allies and participants who will make possible GeoExplora 2026.

## **Eng. Roque Benavides**

Chairman, Organising Committee

“**Cusco becomes the hub where visions are shared, alliances are forged, and real growth opportunities to bolster the competitiveness and well-being of the country, materialise.**”

**Manolo Zúñiga**  
President & CEO

**Jorge Meza Viveros**  
General Director of Operations

**Luis Rivera**  
Director of Operations for  
South America

**Claudio Cáceres**  
Vice President of Sustainability  
and Corporate Affairs

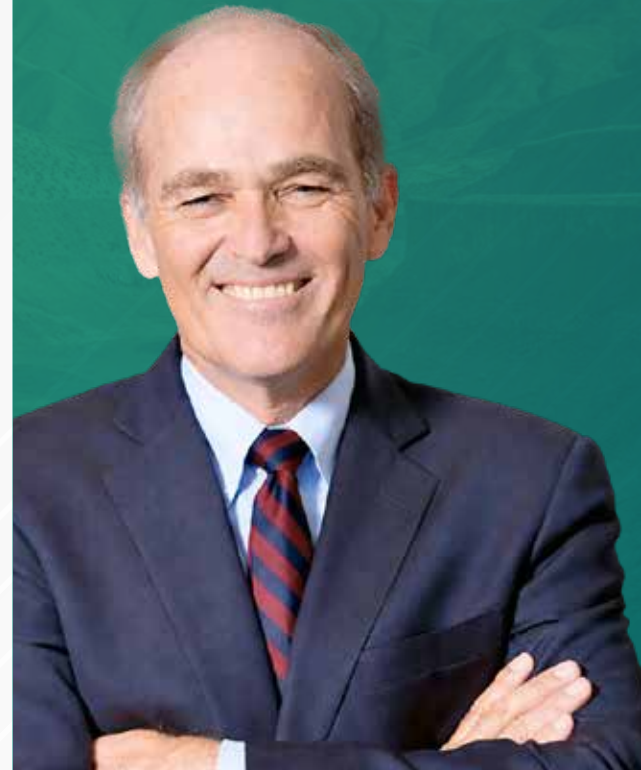

**Rómulo Mucho**  
Former Minister of Energy  
and Mines

**Gladys Ocharán**  
General Manager

# ORGANISING COMITTEE

**Roque Benavides**  
President

CEO Minas Buenaventura

# THE GOALS

- 01 PROMOTE INNOVATION AND KNOWLEDGE DIFFUSION OF GEOLOGICAL EXPLORATION AND TECHNOLOGY.
- 02 BUILD BRIDGES BETWEEN SCIENTIFIC INSTITUTIONS, ACADEMIA, BUSINESS AND GOVERNMENT TO PROMOTE SUSTAINABLE DEVELOPMENT.
- 03 TRAINING AND PROFESSIONAL DEVELOPMENT FOR THE NEW GENERATION OF GEOSCIENCES PROFESSIONALS.

# MAIN THEMES

- 01 TECHNOLOGY AND INNOVATION
- 02 DIGITAL TRANSFORMATION
- 03 MINING GEOLOGICAL EXPLORATION
- 04 OIL AND GAS EXPLORATION
- 05 ENVIRONMENTAL MANAGEMENT AND SOCIAL RESPONSIBILITY
- 06 GEOLOGY AND FUTURE ENERGY SOURCES
- 07 GEOLOGY FOR NATIONAL DEVELOPMENT

# KEYNOTE ADDRESSES

- Will place geology right in the middle of modern mining, as the defining factor for competitiveness, investment and sustainability in a challenging global scenario.
- Strategic vision and applied innovation, show how smart exploration and the use of geosciences make projects more robust, re-confirming that, without reliable data there is no competitive mining.

# STRATEGIC ROUNDTABLES

Key issues for future minerals and hydrocarbon exploration investment shall be addressed.

## HYDROCARBON INVESTMENT

Energy sector leaders, technical specialists and decision-makers will review the present and future of the hydrocarbon industry, in a highly competitive, unstable geopolitical scenario.

Critical factors influencing investment decisions will be dealt with, including regulatory framework, exploration and production, energy security, sustainability, technological innovation and risk management.

## MINERALS EXPLORATION INVESTMENT

Exploration defines where, what and how to invest. Recognised industry leaders will analyse how technical, economic and social inputs transform geological potential into sound investment projects.

Specialists, business executives and public decision-makers will discuss how minerals exploration shape investment decisions and reduces risks, while building the future mining investment portfolio, in an ever-competitive environment.

# BUSINESS ROUNDTABLE

Face-to-face executive meetings between mining suppliers and decision-makers, designed to nurture alliances and identify business opportunities.

Besides that, privileged networking opportunities, like the inauguration cocktail, and lunch-time casual meetings at Vida Wasi, could create the conducive environment to generate alliances, open-up commercial opportunities, and strengthen strategic relations in the majestic surroundings of the Urubamba sacred valley.

# KEY FORUMS

## SOCIAL MANAGEMENT FORUM

Essential for understanding why social management is key to the continuity, value and reputation of extractive projects.

Brings together specialists, local leaders and decision-makers to discuss how to address conflicts, social licence and the build-up of long-term relations with the local population, taking into account past experiences and lessons learnt.

A practical approach highlights the fact that social management is not a cost, but a strategic investment for a project to go ahead.

## INTERNATIONAL FORUM

Connecting geology and global mining competitiveness.

International experts and industry leaders examine exploration and innovation trends, critical minerals outlook and international standards, placing geosciences at the centre of strategic decisions and long-term investment.

A space to undertake a foresight effort into mining trends, directing the conversation toward the role geology might play within the framework of development efforts.

## MINING PROJECTS EXECUTIVE FORUM

A strategy forum for decision-makers about the present and future of mining projects.

Mining leaders will discuss factors associated with feasibility, risks, financing, sustainability and social management, with a view to unlock projects, speed-up decisions and create value.

A forum where strategy is translated into action.

Mining moving forward, decisions that matter.

# PAPERS

## RESEARCH WORK

The scientific core of GeoExplora 2026, it boasts more than thirty (30) carefully selected technical papers, chosen after reviewing its rigour, originality and practical application.

The call for papers is open to both, industry practitioners and young graduates, the frontiers of geological exploration will be presented, at the highest level.

As a token of recognition, the Silver Pick prize shall we awarded by a jury to the authors of the best paper.

In addition, other prizes will also be granted to the winners of each category.

# A SPECIALISED TRADE FAIR

THE MAIN GEOLOGICAL TECHNOLOGY SHOWCASE

## BENEFITS OF PURCHASING YOUR BOOTH

- One (01) general admission registration valid for the full event.
- Two (02) tickets for booth staff.
- Seventy-five (75) invitations to visit the trade fair.
- Logo in the event's webpage, with an access link.
- Welcoming publication in the event's social networks.
- Networking
- Inauguration cocktail
- Business roundtable (to be confirmed)
- Mention in the event's information brochure
- Mention in the GEO DESARROLLO magazine, official publication of the event

**STANDARD  
BOOTH**

## BOOTH SIZE: 2,4M X 2,4M

- The standard booth is located in the centre, with a clear view.
- Aluminium profiles and white melamine walls.
- Straight frieze with company name.
- A table, two chairs and a credenza.
- A light point and a double wall socket (220V), available energy up to 400 W.
- The booth is located in the garden, a tent-covered area.

## UNTIL 15TH FEBRUARY

**SINGLE**  
US\$ 2,000

**DOUBLE**  
US\$ 3,600

**TRIPLE**  
US\$ 5,100

## AFTER 16TH FEBRUARY

**SINGLE**  
US\$ 2,200

**DOUBLE**  
US\$ 4,000

**TRIPLE**  
US\$ 5,800

PRICES DO NOT INCLUDE VAT

## PREFERENTIAL BOOTH

### BOOTH SIZE: 2.4M X 2.4M

- The preferential booth is located at the sides, enjoying extended visibility, it has two free walls.
- Aluminium profiles and white melamine walls.
- Straight frieze with company name.
- A table, two chairs and a credenza.
- A light point and a double wall socket (220V), available energy up to 400 W.
- The booth is located in the garden, a tent-covered area.

#### UNTIL 15TH FEBRUARY

**SINGLE**  
US\$ 2,300

**DOUBLE**  
US\$ 4,200

**TRIPLE**  
US\$ 5,600

#### AFTER 16TH FEBRUARY

**SINGLE**  
US\$ 2,500

**DOUBLE**  
US\$ 4,600

**TRIPLE**  
US\$ 6,100.00

PRICES DO NOT INCLUDE VAT

## ISLE BOOTH

### BOOTH SIZE: 5M X 5M (25 M<sup>2</sup>)

- Open design, all-round maximum visibility, 360° of high visual impact.
- Clearly marked space in the garden, for a correct set-up.
- Light point included.
- Available energy: up to 1,0 KW.
- This area is not covered by a tent.

#### UNTIL 15TH FEBRUARY

**SINGLE**  
US\$ 2,300

#### AFTER 16TH FEBRUARY

**SINGLE**  
US\$ 2,500

PRICES DO NOT INCLUDE VAT

# MAP TRADE FAIR
