

## SECONDMENT NOTICE

Expert in ATM Research

Seconded National Expert (2 years renewable - ref. SN017)

The SESAR Joint Undertaking has set up a secondment procedure that aims to establish a reserve list for the SNE position of “**Expert in ATM Research**”. The SESAR Joint Undertaking (SJU) was established by European Council Regulation (EC) No 219/2007 (JO L64 of 02/03/2007). The duty station is in Brussels, Belgium where the SESAR Joint Undertaking has its headquarters and where the place of employment is.

## 1. INTRODUCTION

### 1.1 The SESAR Programme

The SESAR (Single European Sky ATM Research) Programme has been launched as a critical part of the Single European Sky initiative (SES). This programme represents the technological pillar of the SES and aims at developing a modernised and high-performance air traffic control infrastructure which will enable the safe and environmentally friendly development of air transport.

### 1.2 The SESAR Joint undertaking

In order to properly manage the development phase of this huge and ambitious project, a legal entity was created, under European Union law, on 27th of February 2007: the SESAR Joint Undertaking (SJU).

The mission of the SJU is thus to ensure the modernisation of the European air traffic management system by coordinating and concentrating all relevant research and development efforts in the EU. It is responsible for the execution of the EU ATM Master Plan resulting from the definition phase and in particular for carrying out the following tasks:

- organising and coordinating the development activities of the SESAR programme, in accordance with the EU ATM Master Plan by combining and managing under a single structure public and private sector funding;
- ensuring the necessary funding for the development activities of the SESAR programme in accordance with the EU ATM Master Plan;
- ensuring the involvement of the stakeholders of the ATM sector in Europe, in particular: air navigation service providers; airspace users; professional staff associations; airports; and manufacturing industry; as well as the relevant scientific institutions or the relevant scientific community;
- organising the technical work of research and development, validation and study, to be carried out under its authority avoiding fragmentation of such activities;
- ensuring the supervision of activities related to the development of common products duly identified in the EU ATM Master Plan and if necessary, to organise specific invitations to tender.

Further information on the activities of the SESAR JU is available at: <http://www.sesarju.eu>.
