Expocity Albania will launch the 2nd Edition, Construction, Architecture and Urban Planning Fair on October 25-27, 2019. This trade fair will serve as an important platform for the main actors in the construction, architecture and urban planning sectors. In addition to being an effective communication platform, this fair will inform and highlight the latest developments including of new concepts, products and services in Albania and the region. In the 2nd Edition, a special focus and pavilion will be given to Smart Buildings, including effective solutions, materials and equipment needed to ensure the conditions for their realization.

The construction industry has been and continues to be vital to the Albanian economy for many years, turning into one of the main engines and promoters of economic development. During the first three months of 2019, a total of 245 construction permits were approved for new buildings, thus marking an increase of 10.9% compared to 2018 over the same period. The construction surface approved during the first quarter of 2019 for new buildings is about 581,236 m², increasing by 2.9 times compared to the same period in 2018.

EXHIBITORS

The most important brands in the construction industry, including a large number of companies and professionals in the: architecture, construction, urban planning and real estate sectors have been invited to participate in an interactive exhibition model that will add value to the industry, both in the Albanian and regional markets. State-of-the art products and technologies will be displayed for each sector of this industry, as listed below:

CONSTRUCTION, ARCHITECTURE AND URBAN PLANNING FAIR

Second Edition

October 25-27, 2019

Exocity Albania is an international exhibition and conference center. The company organizes and conducts various trade fairs, exhibitions, guest events, and special events in local and international markets. In addition, Exocity's expertise and infrastructure are used for other congress, seminar and conference events.

The exhibition centre – with its 5000 m² of indoor exhibition space, 7000 m² of outdoor space, and 800 parking spots – is the largest facility of its kind in Tirana. It is close to the centre of the capital and nearby international airport and has an excellent strategic location in the region, close to international transport networks between East and West.

Exocity Albania offers those taking part in trade fairs and conferences the best possible platform for successful communication in the region. We bring together supply and demand and enable dialogue, while giving businesses an opportunity to promote themselves in the region.
