**Subject:** Join us in Alba Iulia for the Club Feroviar Infrastructure Conference

[View in browser](#)

The 2018 edition of the **Club Feroviar Conferences** - *Developing the railway markets in Central and South-Eastern Europe by 2030 and beyond*, will take place on **14 – 15 March** in the city of Alba Iulia, Romania. The topics addressed within this reunion will focus on **infrastructure** and signalling, through a series of presentations and round table discussions that are designed to inspire and enthrall.

---

[PROGRAMME](#) | [REGISTER](#) | [PARTNERSHIP](#) | [ACCOMMODATION](#)

## Main topics:

---

The event's main agenda includes a combination of engaging presentations, panel discussions and speaker hosted round tables.

- Policies and strategies for the construction of a unitary, competitive and integrated railway system;
- Challenges and opportunities in the digital era. How does digitalisation approach the present challenges?
- European infrastructure projects, benefiting from European financing

## Why participate?

---

The Club Feroviar Conferences is a great opportunity for the participants to access valuable information for business development at national and international level and gain useful knowledge towards the development of their companies, as well as to identify new business partners.

Keep up with the new trends and challenges of the railway industry by registering [here](#).

The benefits resulting from the partnership and sponsorship packages, available [here](#) include growth of company notoriety and product portfolio.

---

Join over 100 participants that are interested in an objective and thorough analysis of the ever evolving and developing railway market, through a comprehensive dialogue between the key representatives that are looking at the railway infrastructure expansion as a safer and environmentally friendly alternative, contributing towards the modernization of local, regional and international transport.
